Lloyd C. Berentzen, Director
Bear River Health Department
655 East 1300 North
Logan, UT 84341

Dear Mr. Berentzen:

This letter is notification of the increased FY2007 funding allotment for Bear River Health Department in the amount of \$3,240. This amount represents an increase in the base budget amount you were notified of on June 9, 2006, and is made with no change to the work plan. This amount replaces the funds that were cut from your contract during the FY2003 budget cycle when DEQ's budget was reduced by the Legislature.

In addition, one-time funding in the amount of \$500 is included to support DEQ's work with the construction sector. The enclosed work plan outlines how your Department can assist DEQ with outreach to county planners and building inspectors, elected officials, and construction companies and associations about best management practices.

The total increase to your FY2007 contract is \$3,740. Funding and work plan adjustments become effective immediately with payments beginning the second quarter of FY2007. All other contractual requirements remain the same as specified in current agreements.

Please place a copy of this letter in your contract file for future reference. Thank you for your continued partnership efforts.

Best regards,

Dianne R. Nielson, Ph.D.
Executive Director
