AIR QUALITY

ENVIRONMENTAL MEASURE	WHAT YOU DID/ESTIMATED REACH
Information provided to the public directly and indirectly, via the web and social media outlets.	We implemented and advertised a smoking vehicle hotline on our AQ webpage as well as the UCHD main page with a quick link. We were involved with anti-idling campaigns in Provo City and with the school districts. We work directly with the Utah County Clean Air Task Force regarding ideas, projects and public information campaigns including programs like the EPA school flag program and outreach to the public to carpool etc. on days with poor air quality.

ENVIRONMENTAL MEASURE	NUMBER/TYPES OF ISSUES
Air quality compliance issues referred to Division of Air Quality	We have worked directly with DAQ for several years now with wood burning complaints and fugitive dust complaints. We responded to multiple wood burning complaints and verified non-compliant individuals who were then issued warnings and citations from DAQ. (specifically Jay Morris and his group) We also responded to fugitive dust complaints throughout the year.
