CERTIFIED MAIL
(Return Receipt Requested)

Ms. Jo Ann Tischler
Director, Compliance and Permitting
Denison Mines (USA) Corp (DUSA)
1050 17th Street, Suite 950
Denver, CO 80265

Dear Ms. Tischler:

SUBJECT: January 10, 2011 DUSA Letter, Transmits Revised DMT and BAT O&M Plans, which addresses White Mesa Uranium Mill Tailings Cell 4B, etc.; January 6, 2011 DRC Letter, Review of Revised DMT and BAT O&M Plans;
Contingent Approval of the Proposed DMT Plan

We have reviewed the subject letter from DUSA dated January 10, 2011, which is a response to the subject DRC comment letter of January 6, 2011. The DUSA letter proposes the two subject documents, noted above. However, this letter only addresses the proposed DMT Plan, as revised, known as *The White Mesa Mill Tailings Management System and Discharge Minimization Technology (DMT) Monitoring Plan (DMT Plan), 01/11 Revision: Denison-11.1.*

After review of this plan, we have no further comments. Therefore, the DMT Plan as titled immediately above, is approved, contingent upon DUSA receiving written DRC authorization to use Cell 4B.

UTAH RADIATION CONTROL BOARD
