### MEETING AGENDA

1. Welcome and Review of Agenda (Jeff Ostermiller) 8:00am
2. Review of Past Work and Link to Conceptual Models 8:15am
  - Discussion Item - How does your work as a scientist link to or help address the elements linkages, and/or factors in the draft conceptual models?
    - 10-15 minute presentation by each Science Panel member
3. Break 10:15am
4. Revising Program Objectives 10:30am
  - Discussion Item - What key objectives do we need to achieve, i.e., question do we need to answer, to address the program objective?
    - 5-10 minute presentation by each Science Panel member
5. Lunch 12:00pm
6. Identifying Required Research 12:30pm
  - Discussion Item - What studies do you recommend as the most critical to addressing the objectives of the program? How would you prioritize them?
    - 5-10 minute presentation by each Science Panel member
7. Break 2:15pm
8. Refining the List of Research Studies 2:30pm
  - Finalize list of studies
  - Identifying objectives for each study
9. Adjourn 5:00 pm
