

# Development of Water Quality Standards for Willard Spur

---

## Willard Spur Science Panel

July 9, 2014

# Today's Objectives

---

- **Refine the Science Panel's recommendations to the Steering Committee**
  - Move our ideas from January into a framework that will be the basis for a final recommendation document
- **Confirm key observations & conclusions from studies**

# Today's Agenda

---

## 1. What are the impacts from the Plant?

- Summary of key changes observed
- Summary of possible impacts

## 2. How do we protect Willard Spur?

- Regulatory options
- Recommended actions

## 3. Path forward
